

# SHSU STUDENT ORGANIZATION POLICY

Sam Houston State University acknowledges that student organizations contribute richly to student success and persistence. The university further recognizes that students seeking to establish and participate in these organizations must comply with local, state, and federal law, university policies, and the Student Code of Conduct. To receive and retain official recognition, student organizations must annually meet the requirements listed in this policy.

The purpose of this policy is:

- A. To define and describe a recognized student organization.
- B. To outline the requirements for student organizations to be officially recognized by Sam. Houston State University.
- C. To establish the rights and responsibilities of students acting in an official organization capacity.

## Definition of a Recognized Student Organization

A student organization is a formally recognized group that is joined together by a common lawful purpose, consists of a minimum of 5 student members, and operates in partnership with at least one full-time faculty/staff advisor.

Sam Houston State University student organizations include all student organizations supported by the Department of Student Involvement, Club Sports, Office of Fraternity & Sorority Life (FSL), and College of Osteopathic Medicine (COM). Club Sports, FSL, and COM may have additional policies for their respective student organizations.

### What does it mean to be a Recognized Student Organization?

When a group of students gather around a cause or share common interests, they may form a student organization, meaning, they can assemble, express themselves, recruit members, and more. Additionally, student organizations may have different affiliations (i.e., affiliate with a national organization).

## Requirements for Official Student Organization Recognition

To become recognized by Sam Houston State University, student organizations initially submit a formal registration, complete assigned training, and agree to comply with university policies and federal, state, and local laws. Once recognized, student organizations are expected to renew their recognition with the university each year. University recognition comes with privileges, resources, expectations, and responsibilities, as outlined in this policy and within the Student Code of Conduct. Club Sports, FSL, and COM may have additional privileges and resources, as well as expectations and responsibilities outlined in their respective policies.

## Procedure for Recognition of New Organizations

- A. Any group of students who wish to create a student organization may seek recognition with Sam Houston State University. Recognition of a student organization does not guarantee official university approval of all student organization activities. University recognition of a student organization may be withdrawn at any time if the organization is found in violation of any university policies and procedures and/or federal, state, or local laws.
- B. Groups seeking recognition will submit a New Organization Application via OrgLINK ([shsu.edu/orglink](https://shsu.edu/orglink)). The application must be submitted by a responsible student member associated with the group.
- C. Applications must be submitted between the first day of class during the fall semester through the last day of the spring semester of the academic calendar associated with the Huntsville campus. Applications cannot be submitted during the summer to ensure new organizations align with updated training and policies for the upcoming academic year.
- D. The application shall include:
  1. Organization's name (cannot include Sam Houston, Sam Houston State, Sam Houston State University, SH, or SHSU).
  2. Constitution that adheres to the Constitution Checklist provided by the Department of Student Involvement.
  3. Statement of unique purpose/description of the organization.
  4. Name and contact information for president, vice president, secretary, treasurer, and faculty/staff advisor (advisors can advise no more than 3 student organizations).

    - a. Club Sports will be consulted if an organization meets the definition of a Club Sport (i.e., organizations with the primary purpose of providing a program of instruction, recreation, or competition in a specific sport or for a group of students who share a common interest in physical activity, along with promoting and developing the skills necessary for a particular sport).

  4. Once a recognized organization aligns with Club Sports, FSL, or COM the organization must remain under these areas of oversight. If a Club Sport, FSL, or COM organization loses its recognition as a Club Sport, FSL, or COM organization, it will also lose its status as a recognized student organization.
- G. When the New Organization Application has been submitted, university staff will review the application to ensure completeness and that the submission does not duplicate any other student organization or program in existence at the university.
1. If the New Organization Application does not meet the requirements for recognition, the reviewer will notify the pending organization with the recommendations and the decision regarding their status. The organization may then work with university staff to review the requirements for recognition.
  2. If an application meets all requirements for recognition, the application will be submitted to the Vice President for Student Affairs or their appointed designee to approve the application.
  3. If a New Organization Application is denied university recognition and the applicant wishes to appeal, they may do so by formally appealing, in writing, to the Director of Student Involvement. The Director of Student Involvement or their appointed designee will review the appeal and application and make a final decision regarding the approval/denial of the application.

**Student Organization Service Hour Submissions and Approvals**

Individual students and student organizations may complete service hours anywhere of their choosing. Students may submit service hours for official review and approval via OrgLINK. Due to OrgLINK's role as an official record of Sam Houston State University (for the Carnegie

Classification for Community Engagement), the following policy governs the submission of community service hours. For service hours to be approved and added to a student's comprehensive co-curricular transcript, submissions must meet the following criteria:

A. Submissions

1. Each submission must be completed individually by the student who performed the service.
  - a. Student organization representatives are not allowed to input hours on behalf of their members.
  - b. Submissions must be completed one day at a time. For example, if a project took a week to complete, please submit the hours that were completed each day.
2. Hours must be submitted within 2 months of service completion to accommodate agency record keeping. Submissions outside of the 2 months will automatically be denied.
3. Submissions must include:
  - a. A detailed experience (two to three sentences) of the service performed, and how the service directly impacts a community rather than advancing an individual's agenda and meets SHSU's definition of Public Service.
    1. SHSU's definition of Public Service:
      - i. Public Service includes community outreach and volunteerism in which university entities (colleges, departments, faculty, staff, and students) provide expertise, resources, and support to or for communities and the general public. Note that community service is sometimes NOT voluntary, but a mandatory sentence, and we, therefore, avoid using the term "community service."
  - b. The community agency served (if applicable, e.g., Huntsville Public Library).
  - c. Location where the service was performed (e.g., Huntsville, Conroe, etc.).
  - d. Verification contact information.
    1. Submissions must contain a verification contact of a person that is directly connected with the agency where the service was completed or who falls under one of the criteria listed below.
      - i. If not directly affiliated with a community agency, the following contacts will be allowed to provide service hour verification:
        - a. Student organization officer – must be listed as an officer on the OrgLINK roster. General organization members cannot verify hours.
        - b. SHSU Faculty/Staff/Student Employees - must be an employee of the office/department/program through which hours were completed.

- ii. Verification email must be the office email (e.g., department@shsu.edu, not xxx000@shsu.edu).
  - 2. Student organization advisors should only be listed if they are directly affiliated with the service hours/agency.
- e. If a student organization has multiple members of the organization present for a single service project, they can provide a list of students and hours worked to the Department of Student Involvement for verification.
  - 1. Email the list with the following information to getinvolved@shsu.edu:
    - i. Students' first and last name.
    - ii. Hours served.
    - iii. Agency through which service was completed.
    - iv. Location.
    - v. Date of service.
  - 2. Students will also be required to submit all hours individually through OrgLINK. Approvals will be based on the list submitted via email after the full list is confirmed by the verification contact (if submitted within the approved timeframe and if meeting all other submission requirements).

#### B. Review

1. Submissions must be reviewed by a representative of the Department of Student Involvement.
2. The following items, or anything similar, will not be approved unless previously approved by the Department of Student Involvement:
  - a. Attending a student organization meeting/social event.
  - b. Donation of money/items.
  - c. Travel time to and from a service opportunity.
  - d. Services completed for family members, friends, or self (i.e., babysitting siblings, giving rides, etc.).
3. If hours are denied for any reason, a comment will be placed on the service hour submission in OrgLINK detailing the reason for denial and students will be notified via their SHSU email account.
4. Students who feel that their hours were wrongly denied may submit an appeal by emailing getinvolved@shsu.edu.

#### **Student Organization T-shirt & Promotional Item Approvals/Branding Usage**

All student organizations are required to have t-shirts and printed promotional items approved by the Department of Student Involvement prior to purchasing and distribution unless the organization aligns with Club Sports, FSL, or COM. All Club Sports, FSL, and COM organizations will need to seek approval through their respective departments. The following criteria must be met for approval:

- A. Design must be appropriate – no drugs/alcohol, no derogatory language.
- B. Design must be for a student organization in good standing with the university

1. The Department of Student Involvement does not approve designs for other campus departments.
- B. If utilizing any form of 'SHSU' or 'Sam Houston' in the design, the shirt must meet additional branding guidelines set forth by the university's Integrated Marketing and Communications (IMC) Division.
  1. IMC has final approval for designs utilizing university branding. Although the Department of Student Involvement may approve a design, there may be additional changes required by IMC before the design can be printed based on branding standards.
  2. University branding guidelines
    - a. University branding guidelines extend to all possible merchandise or promotional items that student organizations purchase and/or distribute (i.e., t-shirts, lanyards, tablecloths, banners, stickers, keychains, etc.) and must go through proper university approval.
- C. If utilizing any form of university branding in the design, the t-shirts must be purchased through an approved vendor of the university. You can find a list of approved vendors on the Integrated Marketing & Communications website.
  1. If the t-shirt design does not have any reference to Sam Houston State University, the student organization may use any vendor of their choosing.
- D. To request approval for a design, students will need to email a copy of their design (jpg, png, pdf) to [getinvolved@shsu.edu](mailto:getinvolved@shsu.edu) or to their respective department (Club Sports, FSL, or COM). If there are two sides to the design, students will need to include both sides for review.

<b>Student Organization Conduct and Discipline</b>
--

- A. Any member of the university community may file a complaint regarding a recognized student organization when they feel that the student organization has failed to comply with university policies. Complaints regarding Club Sports, FSL, or COM will be forwarded to those respective areas.
  1. University staff will review complaints regarding the Student Organization Policy, student organization constitutions, and other low-level university policies.
  2. All complaints regarding the Student Code of Conduct, other high-level conduct violations, or alleged violations of law will be reported to the Dean of Students' Office or the Office of Title IX & Discrimination Resolution as necessary.
- B. Complaints may be filed with Student Involvement through the Student Organization Conduct-Grievance Form located on OrgLINK.
- C. University staff may investigate the complaint, and if a hearing is needed, they will determine the proper hearing body for the case or refer it to the proper department
  1. University staff may investigate the alleged violations, and notify the student organization in writing of any possible policy violations.
  2. The student organization will then receive the opportunity to review the

allegations and provide any relevant information on their behalf. The organization will be requested to set up a meeting to review information about their case with a university staff member.

- D. After the review, university staff will determine if the student organization is responsible for any violations of university policies. If the group is found responsible, university staff may impose sanctions that include any of the following:
  - 1. Suspensions of the rights of the organization to:
    - a. Use university facilities.
    - b. Sponsor any activity.
    - c. Participate in campus affairs.
  - 2. Suspension of Recognition or Placement on Conditional Status
    - a. An organization placed on Suspension of Recognition may not function on or off campus in any manner and the general rights of recognized student organizations are withdrawn.
    - b. An organization placed on Conditional Status will be required to work with university staff to achieve compliance to become recognized.
    - c. A timeline for suspension or conditional status is at the discretion of university staff and will be for a stated period of time.
  - 3. Restorative Practices
    - a. Instruct the organization to present an acceptable solution for restoration or university staff will dictate an acceptable solution for restoration.
- E. The organization will be informed, in writing, of the decision by university staff, and a copy of the decision will remain on file with the department.
- F. Appeals:
  - 1. The student organization will have the opportunity to accept or appeal the decision made by university staff.
  - 2. Student organizations wishing to appeal this decision will do so through the Director of Student Involvement, Director of Campus Recreation, or the Dean of Students, or their designee.
  - 3. Written notice of appeal must be received by the appeal officer within 5 business days after the decision. An appeal is not simply a rehearing of the original case. An appeal must be based on:
    - a. Whether or not a fair hearing was afforded. A fair hearing includes notice of the alleged misconduct, and an opportunity to present evidence.
    - b. Whether or not the sanctions levied were appropriate to the offense.
    - c. Whether or not the finding was supported by the evidence.
    - d. Whether or not new evidence is introduced that was not available at the time of the hearing.
  - 4. Both parties, at the discretion of the appeal officer, may submit oral or written arguments, to support their positions. For the appeal to be considered, the appealing party must submit all necessary documentation, including written arguments, when appropriate, to the appeal officer within 5 business days of

giving notice of appeal.

5. The appeal officer may approve, reject, modify the decision, or remand the matter to the original hearing officer for reconsideration. The appeal officer shall respond to the appeal within 10 business days after all the documentation was received and all testimony was heard.
- G. University staff reserves the right to adjudicate matters not outlined in any policy related to student organization policies and may adjudicate matters as necessary.
- H. Any matters related to hazing will be investigated and adjudicated, as necessary, by the Dean of Students' Office.

### **Procedure for Amendment**

Amendments to the Student Organization Policy may be initiated by any member of the university community through the Department of Student Involvement. The department will forward the amendments through the appropriate channels for review.
