

Bearkat EduNav provides a guided, personalized, optimal pathway towards completion for the student.

Customize and save plans for students. At any time, Bearkat EduNav will let you know if the plan is valid.

The screenshot shows the Bearkat EduNav interface for a Business Administration (2AA.A) program. The interface includes a top navigation bar with 'DASHBOARD', 'SAVE', 'Recommend', and 'Clear' buttons. A 'Status: Valid' indicator is present. The main area displays a semester-based plan for Spring 2019, Summer 2019, and Fall 2019. Courses are listed with their titles, credits, and availability. A 'Requirements' section shows 'What is next?' with options to view by semester or by requirement. A 'Goals' section shows the program goal as 'Business Administration (2AA.A) Declared'. A 'Careers' section lists potential career paths. Callout boxes provide instructions on how to use these features.

Return to advisor dashboard to query, review, or select other students

Save the plan – multiple plans can be saved

Have program suggest a valid plan based on recent changes

Return plan to the state in which the start of the session began

See if the current plan meets degree requirements in real-time

Change from a semester view to a view of remaining courses by requirements

Undo the previous action

Hover to change, delete, or save courses in plan

Add courses by term

View current term's schedule

Show prereqs or change to accessibility mode

Drag and drop courses from one semester to another by grabbing course and dragging to different location
